Stitch Dictionary

K - Knit

P - Purl

RS - Right side

WS - Wrong side

Notes

Odd rows are the right side of the blanket and even rows are the wrong side. It can be helpful to attach a clip to the front side of the blanket to help keep track of the front of the blanket vs. the back. Use your own creativity by choosing different colors at your own discretion at the beginning of any Row 1 of the 4 row repeat.

Instructions

Bottom Border:

With worsted weight yarn and size US 8 needles:
Cast on 100 stitches (I prefer the long tail cast on)

Knitting Pattern

Top Border:

Knit 12 rows

Bind off with a stretchy bind off method (see instructions below) and weave in ends.

Stretchy Method of Binding Off

Knit the first 2 stitches.

Insert the left needle into the 2 stitches on the right needle and knit them together.

With one stitch on the needle, knit the next stitch, and then knit these 2 stitches together.

Continue this until all stitches are off your needles.

Cut the yarn, pull through the last loop.
